Prostate Biopsy Instructions

*You should not be on any Advil, Motrin, anti-inflammatory products for a total of ten (10) days before your scheduled biopsy.
Please discontinue the use of Vitamin E, Green Tea, or any multi-vitamins containing vitamin E.*

Please discuss with your doctor if you are on Coumadin, Plavix, Aspirin or any Blood Thinning Medication or Supplements!

The night before your scheduled procedure:

1. Take one (1) of each antibiotic (for a total of 2 pills) after dinner, unless instructed otherwise.
2. Take one (1) fleet enema.

The day of your scheduled procedure:

1. Take one (1) fleet enema two (2) hours before you come into the office. Do not eat after the enema.
2. Take one (1) of each antibiotic (for a total of 2 pills) in the morning.

If you have a morning appointment:

Light liquid breakfast only.

If you have an afternoon appointment:

Light breakfast and a liquid lunch.

Prepare to go home and rest.

Finish antibiotics as directed by your doctor.

Insurance:

If your insurance requires any form of a referral please bring in a referral for your appointment.

If you have any Prosthetic Devices implanted or have a heart murmur or any condition that requires you take antibiotic prior to a dental appointment, please inform the doctor in advance.

Please call the office at (516) 437-4228 if you have any questions regarding the instructions or procedure.
